To whom it may concern,

We commenced using the services of Eagle Security in March of 2009 and have maintained their contract to date. They are providing out of normal working hours and weekend security for our site in Croydon.

We are pleased with the security guarding service and support that Eagles Security are providing for us. Their service is very professional and I would have no hesitation in recommending their service to others and will contact them for any future security needs or advice.

Yours sincerely
